

OUR PROJECT

Asian Migrant Workers Social Service Project is a non-government subsidized project serving women migrant domestic workers from Southeast Asian Countries. They are mainly Filipinos, Indonesians and Thais, etc. Our Project organizes the women migrant domestic workers into various self-help groups and provides them with employment supportive service, counseling service, adjustment programs and referral services, etc. We help them to relieve the stress, overcome the hardships of working overseas and to unite them together to strive for the betterment through active discussion and collective participation.

MISSION

To organize and assist the women migrant domestic workers in Hong Kong to understand and resolve their common problems and needs, to encourage them to participate collectively in the process, to take on social responsibilities and articulate their rights, to enhance their capacity and self-confidence as well as to build up a society with fairness, justice, mutual support and harmony.

OBJECTIVES

- 1. Empowerment:** to raise the labour and women consciousness of the migrant domestic workers in H.K.
- 2. Mutual Help:** to promote mutual help spirit & build up support networks among the women migrant domestic workers in H.K.
- 3. Social Inclusion:** to eliminate social discrimination & to facilitate social inclusion among the women migrant domestic workers in H.K.
